List experience or skills you have relating to the election/appointment you are seeking: I have worked 20 years in the land and natural resource management field. Currently, employed by MN DNR as an Area Wildlife Manager covering Hennepin, Anoka, Washington, and Ramsey counties. I've completed restoration and enhancement projects on water resources including aerial herbicide treatment of hybrid cattail, electric carp fish barrier installation and associated fish surveys, wild rice seeding, cattail boom installation, weir management, Clemson leveler installation, beaver control, floating boardwalk install, purple loosestrife biocontrol release, and have knowledge of

ditchwitch or cookiecutter treatment of cattail bogs. Prior to my work with MN DNR, I was the Assistant Land Commissioner for Cass County, MN. I'm familiar working with County, City, and Township Boards to manage public land and water resources. Lastly, my wife and I completed a Lawns to Legumes shoreline restoration project at our house this past summer via Chisago County SWCD. We completed the site prep, design, and installation ourselves.

List special or personal interests relating to the election/appointment you are seeking:

We moved here in 2019 and enjoy the excellent water recreation opportunities in the area. I would like to do my part to assist with managing those resources sustainably for the benefit of all involved.

Why do you want this election/appointment?

My wife and I value community and public service in our lives. Assisting the Lake Improvement District Board is a way to be offer my experience, interest, and background in the place we call home.
